

UNIGRIP DRILL PRESS VICES

The new Dawn Drill Press Vices are versatile and sturdy and features the quality you have come to expect from DAWN. They are available as a standard model or as a 3 way mounting model.

Features and Benefits:

- Manufactured from graded cast iron for reliability
- Precision ground base and vice bed enables smooth lateral movement of the jaw.
- The fixed vice jaw comes with 3 longitudinal and 1 transversal prism which allows firm gripping of round objects both horizontally and vertically.
- A special seat in the jaws facilitates clamping of flat work pieces.
- Spindle (screw) moves inside the hollow hand grip which allows the vice to be tightened at any position on the table thus increasing the application of the vice.
- Elongated clamping slots enable rapid adjustment of the vice on the work table which saves times.

Applications:

Specifically designed for drill stands, bench drills and drill presses. Compact and low profile design makes them suitable for a multitude of metal working and woodworking applications.
