

240V ELECTRIC PUMPS

Macnaught now offers a range of 240V ELECTRIC DIESEL PUMPS. These self-priming rotary vane pumps are equipped with a self-ventilated induction engine, built-in bypass valve, stainless steel filter and a cast iron body with anti-corrosion coating. These sturdy pumps ensure reliability and a long service life.

240V ELECTRIC DIESEL PUMP 70LPM
AHFP70LPM

TECHNICAL SPECIFICATIONS

- Flow rate 70LPM
- Suitable for diesel use only
- Continuous duty cycle
- Maximum current draw: 2.3 Amps
- Inlet/Outlet: 1"BSPP (F)
- Built-in strainer
- IP55 motor protection rating

REPAIR KITS

- **AHFP70LPM-1K:** Wet Seal Kit
- **AHFP70LPM-2K:** Poppet Valve Kit

240V ELECTRIC DIESEL PUMP 100LPM
AHFP100LPM

TECHNICAL SPECIFICATIONS

- Flow rate 100LPM
- Suitable for diesel use only
- 30 minute duty cycle
- Maximum current draw: 4.1 Amps
- Inlet /Outlet: 1"BSPP (F)
- Built-in strainer
- IP55 motor protection rating

REPAIR KITS

- **AHFP100LPM:** Wet Seal Kit
- **ARPRS-100L:** Rotor Set

240V ELECTRIC DIESEL PUMP 150LPM
AHFP150LPM

TECHNICAL SPECIFICATIONS

- Flow rate 150LPM
- Suitable for diesel use only
- 30 minute duty cycle
- Maximum current draw: 14.5 Amps
- Inlet/Outlet:1"BSPP (F)
- Built-in strainer
- IP55 motor protection rating

REPAIR KITS

- **AHFP150LPM:** Wet Seal Kit
- **ARPRS-150L:** Rotor Set
