

CV18DA(H4Z) 18V Brushless Multi Tool

Barcode: 4966376412488

Toolless accessory change

Unparalleled cutting performance

Lightweight & compact design

Low vibration handle

Brushless motor

Specifications

Voltage	18V
Motor type	DC Brushless
Vibration angle	3.6°(both sides total)
No-load frequency (temperature 20°C when fully charged)	6,000 ~ 20,000min -1 (times/min)
Light	LED White
Dimensions (L x H x W)	341 x 122 x 87mm (with BSL36A18)
Weight (with BSL36A18 battery)	1.9kg (with BSL36A18)

Features

Toolless accessory change

Switch between different attachments or accessories without the need for additional tools. This feature enhances efficiency and convenience, as you can quickly transition between tasks without interruption.

Unparalleled cutting performance

Unmatched performance sets new standards in precision, speed, and efficiency. Advanced brushless motor tech ensures constant power, while ergonomic design & quality accessories deliver accurate results across materials.

Compact control

Enjoy supreme maneuverability and precision across applications with its compact design.

Low vibration handle

Unmatched stability through cutting-edge technology minimizes vibrations, elevating accuracy and comfort to best-in-class levels

Unyielding power

Robust brushless motor guarantees unwavering performance, even under heavy workloads.

Applications

Cutting, sanding, grinding, scraping, and more. Equipped with various attachments, it's ideal for precision tasks like plunge cutting, detail work, and DIY projects.
