

Acetylene Original Kit

Made in Europe

Pro kit-B/W/H/C

The Regulators are ideally suited for mobile heavy duty applications. Snap Safe Protection is the answer to lifting safety to a new level. The HARRIS mixing system uses gas at lower pressure i.e. 40Kpa on Acetylene which provides gas savings and increased safety.

Operator's will enjoy that the high flow handle, suits right or left hand. Cutting attachment has a built in "ease-on" valve, for less sparks when starting and hot tips ensure quick starting. Kit includes Reg-End Flashback Arrestors and Flashguards on the Handle.
