

MIG, STICK & LIFT TIG*

Compact 3-in-1 Welding Machine

OVERVIEW

POWERCRAFT® 191C is single phase 190 amp 3-in-1 multi-purpose. Light portable and easy to use it is capable of MIG welding (both gas-shielded and gasless flux-cored welding), stick and TIG welding. A perfect companion for DIY projects, general maintenance and field work.

FEATURES

- 190 amp output with a 10 amp input supply can be used anywhere a 10 amp power supply is available.
- Easy to use LCD display screen.
- Includes EZYSET[™] functionality one dial synergic control for amps and volts.
- Fast and easy cable connection makes getting started quick, safe and simple.
- Solid and flux-cored wires capable 0.6-1.2mm wire diameter.
- Stick electrodes up to 4.0mm in diameter.

- TIG lift-arc welding, program control, easy arc start, anti-sticking torch.
- Spool gun capable ideal for aluminium welding with the addition of a Lincoln spool gun.
- Comes 'Ready To weld' including power source, MIG gun, electrode lead, work return lead, drive rolls, gas hose and regulator/flowmeter.
- 3 year warranty

Product number: K69072-1

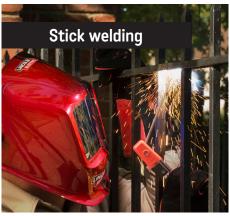

Drive roll options:
Solid 0.6-0.8-0.9mm
(KP69022-0608)
Solid 1.0-1.2mm
(KP69022-1012)
Cored 0.9-1.2mm
(KP69022-0912R)
Aluminium 0.9-1.2mm

(KP69022-0912A)

MIG/MAG

- Synergic programs for aluminium, mild steel, stainless steel and CuSi
- 2T/4T/Spot Weld welding mode
- function parameter adjustment

SMAW

- VRD function (Stick electrode)
- Hot start (improves electrode starting)
- Adjustable Arc Force

TIG

- Lift arc ignition (prevents tungsten sticking during arc ignition).
- 2T/4T trigger control.
- Adjustable down slope.
- On torch remote control.

CUSTOMER ASSISTANCE POLICY

Lincoln Electric® business is manufacturing and selling high quality welding equipment, consumables, and cutting equipment. Our challenge is to meet the needs of our customers and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric® radvice or information about their use of our products. We respond to our customers based on the best information in our possession at that Incoln Electric® is not in a position to warrant or guarantee such advice and to the extent permitted by law assumes no liability, with respect to such information or advice. As a matter of practical consideration, we also cannot assume any responsibility for updating or correcting any such information or advice once it has been given. The provision of information or advice does not create, expand or alter this warranty. Lincoln Electric® is a responsive manufacturer, but the selection and use of specific products sold by Lincoln Electric® is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric® affect the results obtained in applying this type of fabrication methods and service requirements.

Subject to Change – This information is accurate to the best of our knowledge at the time of printing.
