

R18DTC(H4Z) 18V Cordless Vacuum Cleaner

Barcode 4966376414543

- New nozzle for smoother operation
- Reduced noise during operation: 68dB
- Easily switch on & off with the trigger switch
- Improved Dust Collection
- Built-in LED Light
- Extendable pipe for convenience and comfort

Specifications

Voltage	18V
Motor	DC Brushless
Suction Power	40W
Continuous Operating Time (Using BSL36A18)	3 (High): Approx. 40 mins
	2 (Standard) Approx. 48 mins
	1 (Weak) Approx. 66 mins
Charging Time	Approx. 25mins (with BSL36A18)
Dust Collection Capacity	560ml
Weight	1.7kg(without battery)
Dimensions (L x W x H)	478 x 112 x 170mm

Standard Accessories

Floor nozzle B, extension pipe (with nozzle holder), clearance nozzle

Features

New nozzle for smoother operation

Designed to ensure seamless functionality, featuring an optimized bottom structure and a movable blade for effortless operation on carpets and easy traversal over steps.

Chasing silence, wherever you go!

Through enhanced airflow design, we've slashed noise by 6.5dB, all while preserving the suction power of our standard model (R18DA).

Easily switch on & off with the trigger switch

The trigger switch is specifically designed for effortless and frequent activation and deactivation. This allows for quick and repeated use, providing convenience and ease of operation for turning the device on and off as needed.

Improved Dust Collection

The use of a filter made of filter cloth improves collection performance by approximately 39%, capturing finer particles compared to non-woven filters.

Built in LED Light

Automatically illuminates during operation.

Extension Pipe

Designed for convenience and comfortability.

Applications

Ideal for household use, efficiently cleaning carpets, hard floors, stairs, and tight spaces. Additionally, it's handy for automotive cleaning, maintaining car interiors and hard-to-reach areas. In commercial or office settings, it effectively manages regular cleaning tasks.
