

**15KW
20HP**

ROTARY SCREW COMPRESSOR

- Complete ready to go package with screw, tank and dryer included.
- Fully sealed cabinet with soundproofing and noise-reducing partitions to minimise noise.
- Extra large surface cooler allows unit to operate at ambient temperatures up to 46°C.
- Premium filtration with ultra low oil carry over meaning less contamination resulting in cleaner air.
- Latest generation designed air end and high precision manufacturing ensures high performance air delivery.
- Intelligent control system with self-service timing management.
- All the main components are easily accessible, ensuring fast and simple maintenance.

Part No.	TM356-20500
Pump Type	Screw
Motor	15kW (20hp) 415V
Tank Capacity	500L
Max Pressure	147psi (10 bar)
Free Air Delivery	1980L/min (70 cfm)
Noise	73 dBA
Weight	465kg
Compressor Dimensions	1880 x 650 x 1580mm
