

Two models in One !

For Both 5kg & 10kg Applications

Comparable weight and size to most 5kg ovens, but with capacity to fit 10kg if required

Cylindrical Chamber

Keeps electrodes in better condition & avoids flux chipping. (Unlike square ovens where electrodes tend to roll around & are more readily damaged)

Insulated Lid
improves temperature stability

Pull Ring Handle

For quick & easy opening

Over-Centre Latch

to hold lid firmly shut

Galvanised Interior
for durability and resistance to rust

Protected Thermostat Control Knob

Prevents damage

Light Weight 4.5kg

Reduced operator strain

Electrode Shelf with Pull Rod

for easy electrode retrieval

Technical Data

Part No.	WC-01550
Capacity	Up to 10kg
Weight	4.5kg
Temperature Range	50°C - 200°C
Max Electrode Length	450mm
Internal Chamber Size	ø105 x 470mm
Heating Element	285W
Input Power Supply	240V 50/60Hz 10A
Dimensions	600 x 300 x 160mm including handle and foot
Shipping Weight / Dimensions	5.5kg 280 x 180 x 620mm
Approvals / Conformance	CE EN 61000-6-1: 2007 EN 61000-6-3: 2007+A1: 2011/AC: 2012 EN 61000-3-2: 2006+A1: 2009+A2: 2009 EN 61000-3-3: 2013
