

Meet your new best-friend...

Wouldn't you love more power & not have to pay a cent more?

The **NEW 6kVA Yamaha EF7200E** is the answer that you've been waiting for if you want more grunt without a compromise on price or quality.

This model supersedes the 5.5kVA Yamaha EF6600E and adopts a new engine with major improvements in performance in the areas of fuel economy and output.

The new EF7200E carries on the proud brand image created by the EF6600E while raising product value and quality. The added bonus is that the warranty* is still a generous 4 years!

Packed with more features than ever before, you'll just have to look for yourself!
